

IMPORTANT NOTICE

Only firearms related to your historical presentation are allowed at USAHEC events. No live ammunition of any kind is allowed at the USAHEC. The USAHEC receives a waiver from the Garrison Commander so that we may demonstrate historic military firearms as part of our events. Any other use of firearms would be a violation of Carlisle Barracks regulations and could cause the event to be stopped permanently. Anyone not following this policy will be asked to leave the event and will not be invited back. This is a paid event and we are under a contractual obligation to the Army.
